APR 2 4 2007

Ref: 07-F-1441

Honorable Stephen I. Cohen U.S. House of Representatives 1004 Longworth House Office Building Washington, DC 20515-4209

Dear Representative Cohen:

This is in response to your January 29, 2007, letter to the Secretary of Defense requesting copies of documents relating to all agreements between the Department of Defense (DoD) and Blackwater USA, to include security services provided in Iraq, other foreign countries, and the United States, if applicable. We received your letter on April 10, 2007, after it was forwarded to us following a determination that it was to be handled, in fact, as a Freedom of Information Act (FOIA) request.

For your further information, this Office is responsible for handling all FOIA requests for access to records maintained by the Office of the Secretary of Defense and the Joint Staff (OSD/JS). This means we are responsible for processing requests for all components or offices that are under the immediate jurisdiction of the OSD. A number of other components of the Department of Defense (DoD), however, including the military departments and the various combatant commands, operate their own FOIA offices to respond to requests for agency records. The procedures followed by these DoD components are provided in DoD Regulation 5400.7-R and on the Internet at: http://www.defenselink.mil/pubs/foi/.

In this regard, the Defense Manpower Data Center (DMDC), a component of the OSD, provided the enclosed 9-page listing of Department of Defense (DoD) contract actions containing any reference to Blackwater or related companies. This listing is for Fiscal Years 2000 through 2006, even though the DMDC searched back to Fiscal Year 1997, the earliest date for records maintained in its data base.

The DMDC does not maintain the actual contract documents you are seeking in its data base, but it is clear from this listing that a large number of contracts are involved. It is for this reason, therefore, that we must advise you that you must direct your FOIA request for any specifics concerning any one of the contract actions listed in the enclosed document to the managing entity identified in the listing under the heading "Agency Name." For your convenience, the FOIA addresses for those organizations are listed on a separate enclosed page.

If it should occur that you may question whether any such records were created prior to Fiscal Year 1997, this Office has determined that such records, if they exist, would be under the purview of the National Archives and Records Administration (NARA), depending on whether they met the records retention requirements of the NARA. Since the NARA handles its own FOIA program, you would need to send your request to the following address: National Archives and Records Administration, Director, Records Declassification Division, 8601 Adelphi Road, Room 6350, College Park, MD 20740-6001.

Lastly, you no doubt are aware that any FOIA requester may initiate an administrative appeal if the requester is not satisfied with our response to his FOIA request. If that occurs in this instance, we ask that your staff contact the action officer here who is handling your FOIA request, David Martinez, (703) 696-3183, for information and assistance in sending such an appeal to us. We appreciate receiving your request and we trust this information will be helpful.

Sincerely,

Will Kammer

Chief
